Neutrogena®

#1 dermatologist recommended therapeutic shampoo brand

Healthy hair starts with a healthy scalp

See the tips below to learn how to overcome common scalp challenges.

- 1/Control itchy scalp:** An itchy scalp may indicate more than just common dandruff. Use a shampoo with coal tar to relieve itching and rinse hair with warm water instead of hot to soothe the scalp.
- 2/Clear oily buildup:** An oily scalp can make dandruff worse by allowing microorganisms to thrive. Use a shampoo containing salicylic acid to remove buildup and keep flaking under control.
- 3/Prevent dry hair:** Avoid vigorous towel scrubbing and eliminate styling products that contain alcohol. Consider using a deep conditioning mask in the shower to restore moisture.

HEARTBURN

Fast, effective short-term
and long-lasting relief

Featured Product

heartwags.com

What can I take for heartburn?

Ease occasional heartburn with an H2 blocker, or an antacid that has calcium carbonate or magnesium. Both work fast and with some the effects can last up to 12 hours. Proton-pump inhibitors (PPIs) prevent frequent heartburn that happens more than twice a week. It takes a few days to feel the full effects, but relief can last 24 hours.

CONSTIPATION

Short-term relief for
a sluggish bowel

Featured Product

iheartwags.com

How can I relieve my constipation?

There are several over-the-counter medications that may help. Fiber supplements, which should be taken with at least 8 ounces of water, laxatives, lubricants, and stool softeners can trigger a bowel movement. See your doctor if you're constipated for over 2 weeks.

REGULARITY

Supplements for
bowel health

Featured Product

heartwags.com

How can I stay regular?

Drink plenty of water. An extra 2 to 4 glasses a day may help. Try warm water or herbal tea in the morning. Eat prunes or bran cereal and add more vegetables and fruit to your diet. Exercise regularly. When diet and exercise are not enough, try a daily fiber supplement.
