Solutions for regularity

Supplements for
bowel health

iheartwags.com

How can I stay regular?

Drink plenty of water. An extra 2 to 4 glasses a day may help. Try warm water or herbal tea in the morning. Eat prunes or bran cereal and add more vegetables and fruit to your diet. Exercise regularly. When diet and exercise are not enough, try a daily fiber supplement.

Solutions for constipation

Short-term relief
for irregularity

iheartwags.com

How can I relieve my constipation?

There are several over-the-counter medications that may help. Fiber supplements, which should be taken with at least 8 ounces of water, laxatives, lubricants, and stool softeners can trigger a bowel movement. See your doctor if you're constipated for over 2 weeks.

Solutions for heartburn

Fast, effective short-term and long-lasting relief

iheartwags.com

What can I take for heartburn?

Ease occasional heartburn with an H2 blocker, or an antacid that has calcium carbonate or magnesium. Both work fast and with some the effects can last up to 12 hours. Proton-pump inhibitors (PPIs) prevent frequent heartburn that happens more than twice a week. It takes a few days to feel the full effects, but relief can last 24 hours.
