Smart Snacking™ Never Tasted So Good.

Whole Natural Almonds
are certified by the
American Heart Association

Scientific evidence suggests, but does not prove, that eating 1.5 ounces per day of most nuts, such as almonds, as part of a diet low in saturated fat and cholesterol may reduce the risk of heart disease. See nutrition information for full content.

Answers at *Walgreens*™

How can I treat my child's allergy symptoms?

Avoiding allergens and using over-the-counter products can bring relief. Some are available specifically for children. But not every children's allergy medication is intended for children of all ages. Always read the label to make sure a product is appropriate for your child's age.*

*Allergy relief for your child. FDA Consumer Update. <http://www.fda.gov/ForConsumers/ConsumerUpdates/ucm273617.htm>. Accessed January 4, 2012.

How can I avoid allergens outside?

Pay attention to pollen and mold counts found in daily weather reports. Consider spending time outside. This can help wash away allergens that collect on your skin and hair.†

†Prevention. Asthma and Allergy Foundation of America. <http://www.aafa.org/display.cfm?id=9&cont=82>. Accessed December 20, 2011.

expert advice + solutions

With age comes wisdom. It also brings about changes in your body. Walgreens is here for you every step of the way, with expert advice and product solutions!

beauty

Daily maintenance and a healthy lifestyle, which includes using sun protection, eating well, avoiding tobacco and staying hydrated, can help you look radiant at any age.¹ Did you know you may even take supplements to get targeted nutrients that benefit your hair, skin and nails?

nutrition

Women should eat a low-fat diet that includes fruit, vegetables and whole-grain foods.² If your lifestyle makes it difficult to eat a balanced diet, consider a multivitamin or nutritional beverage to ensure you get adequate amounts of essential vitamins and minerals.³

bone health

It's hard to notice, but over time your bones may become weak and more easily broken, a condition known as osteoporosis. Exercise plus your daily requirement of calcium and vitamin D (which helps your body absorb the calcium) can help keep your bones strong. Can't get enough in your diet? Consider supplements.⁴

menopause

The years surrounding menopause can bring about changes to your period, sleep and mood, in addition to your body. Some women experience hot flashes and other overly bothersome symptoms. Talk with your pharmacist about an over-the-counter regimen if they begin to interfere with your quality of life.²

Walgreens

Rebate Program

Our Rebate Policy

Please note multiple submissions will be accepted per monthly offer, subject to rebate quantity limitations noted for each individual offer per family, individual, household or address. Please submit only one receipt per rebate form. No altered, substitute, invalid, counterfeit or non-Walgreens receipts will be accepted. No item(s) submitted for rebate that has already been returned to any of our stores will be processed. Offers open to United States and Puerto Rico addresses only. All submissions become property of the Walgreens Rebate Program and will not be returned. Allow 8 to 10 weeks for delivery of your rebate after submission is received. Walgreens, its affiliates or agents are not responsible for mail not received as a result of loss, damage or delays by the U.S. Post Office. Any disputes of the validity of a submission will require you to provide a photocopy of your entire submission, including register receipts and submission forms, which will be subject to review. These tips and guidelines are provided to deter possible fraudulent activity. Fraudulent submissions could result in federal prosecution under mail fraud statutes (Title 18, United States Code, Sections 1341 and 1342).
